Public Notice: Value Added Tax Registered Operators Onboarding to Fiscalisation Data Management System [FDMS]

All registered operators who are required to fiscalise under the Value Added Tax (VAT) Act [CAP23:12], are obliged to comply and onboard to FDMS through either:

a) Upgrading their existing hardware fiscal device through Approved Supplier and comply with the FDMS **OR**,

b) Consider utilising the ZIMRA Virtual Fiscalisation platform through the following alternatives:

   i) Direct interface of the taxpayer Server to ZIMRA Server using the ZIMRA Fiscalisation Application Programming Interface **(API)** in complying with the fiscalisation requirement **or,**

   ii) Direct interface of the taxpayer Accounting System, Point of Sale System (POS), and/or Invoicing Systems with the ZIMRA Fiscalisation Data Management System [FDMS], through the use of Application Programming Interface **(API)**

Please Note:

1. Taxpayers are encouraged to develop API, obtain or procure the API from the developers and/or distributors of Server, Accounting System, Point of Sale (POS) System or Invoicing System, which complies and directly interfaces with the ZIMRA Fiscalisation Data Management System (FDMS) API requirement.

2. The specifications document for the ZIMRA Fiscalisation Application Programming Interface (API) is available on ZIMRA website, under Domestic Taxes page through the following link: https://www.zimra.co.zw/downloads/category/9-domestic-taxes?download=3807:fiscalisation-api-documentation
