#### INFRASTRUCTURE DEVELOPMENT BANK OF ZIMBABWE (IDBZ)

Request for Expressions of Interest for Provision of  
Consulting Services  
(Firms Selection)

Subject: Engagement of a Consulting Firm for production of detailed research paper titled: "Devolution and Infrastructure Development: Opportunities, Challenges and Lessons from Best Practice"

Brief Description: Expression of Interest for Engagement of a Consulting Firm for production of detailed research paper titled, "Devolution and Infrastructure Development: Opportunities, Challenges and Lessons from Best Practice"

Proposal Reference Number: IDBZ 100 of 2021

## Section I

### 1. Background

The IDBZ was formed on the 31st of August 2005, taking over the assets and liabilities of the former Zimbabwe Development Bank (“ZDB”). It was primarily set up as a vehicle for the promotion of economic development and growth, and improvement of the living standards of Zimbabweans through the development of infrastructure. The Bank’s primary sectors of focus are Water and Sanitation, Housing, Irrigation Infrastructure, Transport and Energy (WHITE). The secondary focus sectors include Education and Health Facilities, ICT and Tourism.

The IDBZ champions the delivery of resilient and sustainable infrastructure that improves the quality of life for all Zimbabweans through technical support in project development, provision of innovative financing solutions, and knowledge generation and sharing. The Bank operations are guided by its Strategy and 2021–2023 Work Programme and Budget which are informed by the country’s development agenda as espoused in Vision 2030, the National Development Strategy 1: 2021–2025 (NDS1) and other Government Policies, and the United Nations’ Sustainable Development Goals (SDGs).

Devolution is a process of decentralising power and authority to local governments and communities for making social, political and economic decisions from central governments to local governments and communities. Local communities are involved in planning, designing, implementation, monitoring and evaluating development programmes. Having been implemented in many African countries, devolution has proved to be effective in poverty reduction. Devolution facilitates greater participation of communities throughout the project cycle and as such increase ownership and the likelihood of sustainability of infrastructure development initiatives.

The Bank supports development of infrastructure in its primary and secondary focus sectors in all the country’s ten provinces, funding project preparation activities such as feasibility studies on infrastructure projects in all provinces. Furthermore, it has increased its geographic presence through opening regional offices in Masvingo and Bulawayo to improve collaboration with stakeholders.

To the furtherance of the devolution agenda, infrastructure development is indispensable to support localised socio-economic development. As a development finance institution, the Bank promotes knowledge generation and sharing in support of national development initiatives. It is in this regard that IDBZ wishes to recruit a consultancy services firm to undertake a study on “Devolution and Infrastructure Development: Opportunities, Challenges and Lessons from Best Practice”.

### 2. Geographic Location of the Research

The proposed research will be undertaken in Harare, Zimbabwe.

### 3. Objectives of the Study

The overall objective of the study is to establish how the Bank can enhance its efforts in support of the National Devolution Agenda through infrastructure development.

The specific objectives are to:

- (i) Identify opportunities and challenges of infrastructure development under devolution.
- (ii) Identify critical infrastructure required in all provinces for the success of the devolution agenda.
- (iii) Draw key lessons on devolution and infrastructure from other countries (explore at least five African countries).
- (iv) Explore success factors for infrastructure development in a devolved nation; and
- (v) Recommend the best approach for the IDBZ infrastructure development under devolution.

### 4. Scope of Assignment

The Consultant is expected to carry out the following tasks:

- (i) Review literature and come up with appropriate conceptual frameworks that underpin devolution and infrastructure development in general.
- (ii) Review and analyse selected success stories in terms of devolution and infrastructure development in other countries (at least five African countries and other regional and international examples).

- (iii) Comment on the challenges posed by devolution and possible solutions in terms of infrastructure delivery in Zimbabwe.
- (iv) Identify the key success factors for infrastructure development under devolution in the Zimbabwean context.
- (v) Make overall appropriate technical and policy recommendations to the Bank based on the outcome of the review.
- (vi) Identify areas where IDBZ as a DFI can intervene to catalyse infrastructure development under devolution.
- (vii) Ensure the final writeup is of high quality and publishable.

## GOVERNMENT GAZETTE

## Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, *et cetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

- exceed 10 pages of double-spaced typing on size A4 paper; or
- contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if—

- (a) the work involved is of a straight forward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

- (a) the name and address of the advertiser; and
- (b) the debtor's code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

#### GOVERNMENT GAZETTE

#### Submission of Copy for Government *Gazette* Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,  
*Gazette* Editor.

Printflow (Private) Limited,  
George Silundika Avenue (between Sixth Street  
and Epton Street), Harare (P.O. Box CY 341, Causeway).
