

## PUBLIC NOTICE

### SPECIAL NOTICE TO TRANSPORTERS, DRIVERS, CLEARING AGENTS AND RUNNERS WHO USE BEITBRIDGE BORDER POST

The Zimbabwe Revenue Authority (ZIMRA) notes, with great concern, that **Southbound** trucks without complete clearance documents are entering Beitbridge Border Customs control zone parking for lengthy periods, taking up space for trucks already processed and thereby creating unnecessary congestion and bottlenecks at the Border.

Please be advised that only properly cleared trucks ready for release shall join the queue and be allowed into the control zone with immediate effect.

All trucks are therefore, **directed to park at truck stops** until their documentation is ready, and thereafter proceed to the border control zone for release and departure.

Any trucks found parked within the control zone prematurely, or, joins the queue without complete clearance of documents shall be levied with appropriate fines. This decision has been taken after extensive consultations with relevant parties.

The named stakeholders are also reminded of the provisions of **SI 57 of 2007 (as amended)** which regulates vehicles in a Customs controlled area.

We thank you and look forward to your usual cooperation.
