

Public Notice: Regularization of Improperly Cleared Motor Vehicles

The Zimbabwe Revenue Authority (ZIMRA) is hereby inviting the public, companies or such other entities who may be in possession of vehicles not properly cleared through ZIMRA, to approach their nearest ZIMRA Regional Office to regularize the clearance and registration of such vehicles. Irregular cases include vehicles that were;

- Undervalued or did not pay other duty items such as surtax
- Smuggled
- Imported on Temporary Importation Permit (TIP) and where the permit was unprocedurally acquired or where the Temporary Importation Permit (TIP) has expired.
- Cleared through a false claim to a rebate or suspension of duty or any other violation of the legislation governing the importation of vehicles.

Persons in possession of the vehicles with circumstances described above are advised to contact their nearest ZIMRA Offices through the contact details in the table below between 23 June 2025 and 31 July 2025 to regularize the clearances of the vehicle.

Note that penalties/fines will be waived on the voluntary disclosures. The full duties, including additional duties assessed and interest on any unpaid duties will remain due and payable. Please note that this moratorium ends on 31 July 2025 and any irregularly cleared vehicles encountered thereafter will be seized and dealt with in terms of the Customs and Excise Act.
