Zimbabwe Electronic Single Window (ZeSW) IVERI Payment

The Zimbabwe Revenue Authority (ZIMRA) wishes to inform its valued clients and stakeholders, including but not limited to; Customs Clearing Agents, Transporters, Funeral Parlours, Freight forwarders, Manufacturers, Exporters and the General Public, that Zimbabwe Electronic Single Window (ZeSW) added Iveri online internet banking on the payment list. The payment solution will be accessible within the ZeSW system.

The client will now complete all processes from registration, submission to payment and print receipt virtually. The ZeSW online payment system now has an Iveri option to pay online using Visa cards for USD payments.

Eligible clients who elect to use the added convenience will still need to do the batching process to convert their assessment(s) into the online readable format. After completing the batching process there will be a Visa icon, which will take you to the payment page.

Completion of the payment process will also allow the client to generate and print the receipt automatically without having to visit the ZIMRA Offices. The payment platform will be effective beginning 01 September 2025.
