14 September, 2022.

TO: ALL BIDDERS.

ADDENDUM NO.2 TO ZIMRA TENDER NO ICB 09/2022 FOR THE SUPPLY, DELIVERY, INSTALLATION AND COMMISSIONING OF CLOSED CIRCUIT TELEVISIONS FOR CENTRAL STORES, FORBER BORDER AND PLUMTREE BORDER POST.

Question 1

Is it possible to use single mode fibre in place of multi-mode fibre since single mode holds more advantages than the latter in terms of speed and efficiency?

Answer 1

Yes, you can use single mode.

Question 2

The cable length that was specified in tender document for Mutare site, is it enough considering the distances between the sites?

Answer 2

Kindly refer to the table below for additional requirements.

Question 3

The cable length that was specified in tender document for plumtree site is it also enough considering the distances between buildings and since we did not conclude on the server room location in the building?

Answer 3

Kindly refer to the table below for additional requirements.

B.C.M

Question 4

Optical cable: As the statement in tender : Mutare Forbes Border Post site needs 1500m optical cable, and Plumtree site need 200m optical cable, according to the practical considerations we are asking is it enough for the site?

Answer 4

Kindly refer to the table below for additional requirements.

Question 5

Muti-mode optical cables: The multi-mode optical cables are required in tender, but can they be changed to single-mode optical cables, as multi-mode optical cables are now outdated, many manufacturers have stopped producing them for a long time.

Answer 5

All fiber, media converters and fiber patch codes should be changed to single mode since multimode is now in short supply.

Question 6

8 port POE Switch: There is no 8 port POE Switch in the bidding document of Harare Central Stores site, but it was required during the survey, please email to confirm whether it is necessary?

Answer 6

No need for 8 port switch at central stores.

Question 7

UPS: Do both 3KVA UPS and 5KVA UPS need to be configured at Harare Central Stores Site?

Answer 7

We want CCTVs and Access Control to have power in the event there is no ZESA power.

Question 8

UPS: Do both 3KVA UPS and 5KVA UPS need to be configured at the Mutare Forbes Border Post site?

Answer 8

We want CCTVs and Access Control to have power in the event there is no ZESA power.

Question 9

UPS: Do both 3KVA UPS and 5KVA UPS need to be configured at Plumtree Border Post site?

Answer 9

We want CCTVs and Access Control to have power in the event there is no ZESA power.

B.C.M

Question 10

CCTV: Dome Camera, What about Turret Camera with 8MP, because Dome is only 5MP?

Answer 10

Dome cameras should be 6MP.

Question 11

Other Equipment: workstation could be i5,ok?

Answer 11

Workstation should be core i7 as stated in the ITT

Question 12

Other Equipment: Switch could be SFP, ok?

Answer 12

All switches should be PoE 10/100/1000 **not** 10/100/100 stated in tender

Question 13

Other Equipment: Multi-Monitor should be connected by one Decoder or not?

Answer 13

We want to view any camera at any monitor in the control room.

Question 14

Other Equipment: Software Access Control, do you need Time Attendance function?

Answer 14

Yes

Question 15

Boom Gates: 2 double gates, Quantity is 4, so the total gate is 8 or 4?

Answer 15

All boom gates should not be quoted. Please kindly note that all the boom gates have been removed from this procurement.

Training

Provide CCTV Training and Access Control training for 15 Administrators.
